EDUCATION

CTeSP in Cybersecurity
ISTEC Lisbon · 2025 – present

Bachelor's in Tourism
Universidade Europeia · 2009 – 2013

CERTIFICATIONS

ISC2 Certified in Cybersecurity (CC)
ISC2 · Passed

CompTIA Security+
In progress

COURSES

Python for Everybody
U. Michigan / Coursera · Dec 2025

Introduction to SQL
DataCamp · Nov 2025

TECHNICAL SKILLS

- Digital Forensics
- Malware Analysis
- MITRE ATT&CK
- Volatility, Wireshark
- Networking (TCP/IP, DNS)
- AD / Windows Server
- Linux
- Python and SQL (basic)

SOFT SKILLS

- Attention to Detail
- Critical Thinking
- Working Under Pressure
- Clear Communication

LANGUAGES

Portuguese: Native
English: Fluent
Spanish: Conversational

PROFESSIONAL PROFILE

Cybersecurity student at ISTEC Lisbon, focused on Blue Team with an interest in cloud security. Skills reinforced daily through hands-on labs on the TryHackMe platform. Seeking a curricular internship in cybersecurity in Lisbon, 2027, to complete my CTeSP, learn, and contribute with integrity to the protection of systems, data, and users.

Hands-on projects and forensic reports available in the interactive portfolio.

HANDS-ON PROJECTS

Memory Forensics — RedLine Stealer vs. LockBit 4.0

Comparative study (Infostealer vs. Ransomware) in an isolated environment (VMware, Volatility 3).

- Identified TTPs via MITRE ATT&CK: in-memory code injection (T1055) and shadow copy deletion (T1490)
- Resolved memory acquisition issues (PTE Remapping with WinPmem; bypassed Driver Signature Enforcement with Magnet DumptIt)

Malware Analysis — DarkComet RAT

Behavioral analysis of a RAT in an isolated environment, with TTPs mapped to MITRE ATT&CK.

Network Infrastructure — Black Mirror (ASR)

Deployed and defended 6 network services (OPNsense firewall, DNS, DHCP, WordPress, Nagios, Wazuh SIEM) on Hyper-V, tested end to end.

Full reports and demos for all projects available in the portfolio (see contact details).

PROFESSIONAL EXPERIENCE

Property Operations Manager

Placetostay Student Housing 2025 – 2026

- Managed a portfolio of 30 properties, coordinating multi-team operations
- Handled sensitive guest and payment data across the portfolio, with zero compliance incidents

Short-Term Rental Manager

BnBird Lisbon 2024 – 2025

- Managed the full booking cycle and payment processing across 5 channels (Airbnb, Booking, Expedia, VRBO, Plum Guide), with full accountability for customer data

Customer Service, Front & Back Office

Innkeeper Group 2022 – 2024

- Monitored occupancy and guest satisfaction KPIs; reduced average response time from 1 hour to 15 minutes through improved workflows

Ground Services Agent

Janeiro Inflight Services / TAP Premium Lounge 2021 – 2022

- Managed guest check-ins and security protocols, handling reservations in the Amadeus system, in a high-paced airport environment

Cabin Crew Member

Ryanair 2014 – 2021

- Ensured strict compliance with civil aviation, safety, and hygiene regulations
- Responded to real in-flight safety incidents and medical emergencies under pressure, across rotating shifts with 24/7 availability
